Your personalized downloadable directory is based on the search criteria listed above. Providers in your directory are listed first by specialty then alphabetically by provider name. To see which provider is closest in proximity to you, please return to the online provider directory and use a zip code radius search or the map it function.

The listing of providers does not constitute a recommendation or endorsement of any physician, provider group, hospital/facility, or other provider. We have made a commercially reasonable effort to ensure the accuracy of this online directory of providers. However, we make no representation, warranty, guarantee, or assurance of any kind, express or implied, as to the accuracy, completeness, timeliness, or other qualities of this information.

The physician, provider groups, hospitals, facilities, and other providers that are part of the network of providers referred to by this directory are independent contractors who exercise independent judgment and over whom Anthem Workers' Compensation, LLC., has no control or right of control, and are not agents, employees, franchisees, joint venturers, or partners of Anthem Workers' Compensation, LLC.

If you, or a covered family member, select a provider in the network, either directly or by referral from another provider, you are seeking care from that provider, not Anthem Workers' Compensation. The provider exercises independent professional judgment. Anthem Workers' Compensation is not responsible for, does not provide, and does not hold itself out as the provider of your medical or health care. Only the doctors and /or other healthcare practitioners who treat you can provide medical and/or health care and only those doctors and/or other healthcare practitioners are responsible for any negligence in providing your care.
